Profile

Passionate and detail-oriented Web Developer with experience in building responsive web applications using React.js, Next.js, Tailwind CSS, and Node.js. Skilled in SEO optimization and Google Analytics to improve website visibility and performance.

Work Experience

Web Developer *December 2025 - Present*

iStudio – Tata Internship Program | Remote

- Worked as a Web Developer Intern under the Tata Internship program at iStudio, developing responsive websites using HTML, CSS, JavaScript, and React.js.
- Gained hands-on experience through training sessions and real-world projects, contributing to web application development.

Software Tester *December 2025 - Present*

Eedee | Remote

- Performed Manual Testing on web applications by understanding requirements, preparing and executing test cases for functional, UI, regression, and smoke testing.
- Identified, documented, and tracked defects using bug-tracking tools, and coordinated with developers to verify fixes through retesting..

Junior Software Developer *March 2025 - June 2025*

Nexcore Aliance | Mumbai | On-site

- Worked on real-world projects using Next.js, Tailwind CSS, and Node.js in a collaborative on-site environment.
- Optimized websites using SEO best practices and integrated Google Analytics for tracking and performance insights.
- Developed frontend components, assisted with backend APIs, and performed bug fixing in production-level code.

.NET Developer *Nov 2024 - Jan 2025*

Agnirva Space Community | Remote

- Learned the basics of C# programming, such as variables, loops, methods, and simple programs.
- Understood the fundamentals of .NET, including how projects, namespaces, and assemblies work.
- Practiced creating basic console applications and learned how to take input, process data, and display output.

Full Stack Developer *April 2024 - June 2024*

InternsElite | Remote

- Built interactive UIs using React.js fundamentals: components, hooks, props, and state.
- Completed mini-projects like a to-do list app and weather application.
- Learned about the React lifecycle and component architecture.
